INSTALLATION GUIDE

AXIS Camera Station S1016 Recorder

AXIS Camera Station S9001 Desktop Terminal

About this Document

This document includes instructions for installing AXIS Camera Station S1016 Recorder and AXIS Camera Station S9001 Desktop Terminal on your network. Previous experience of networking will be beneficial when installing the product.

Legal Considerations

Video and audio surveillance can be regulated by laws that vary from country to country. Check the laws in your local region before using this product for surveillance purposes.

Liability

Every care has been taken in the preparation of this document. Please inform your local Axis office of any inaccuracies or omissions. Axis Communications AB cannot be held responsible for any technical or typographical errors and reserves the right to make changes to the product and manuals without prior notice. Axis Communications AB makes no warranty of any kind with regard to the material contained within this document, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Axis Communications AB shall not be liable nor responsible for incidental or consequential damages in connection with the furnishing, performance or use of this material. This product is only to be used for its intended purpose.

Intellectual Property Rights

Axis AB has intellectual property rights relating to technology embodied in the product described in this document. In particular, and without limitation, these intellectual property rights may include one or more of the patents listed at www.axis.com/patent.htm and one or more additional patents or pending patent applications in the US and other countries.

Equipment Modifications

This equipment must be installed and used in strict accordance with the instructions given in the user documentation. This equipment contains no user-serviceable components. Unauthorized equipment changes or modifications will invalidate all applicable regulatory certifications and approvals.

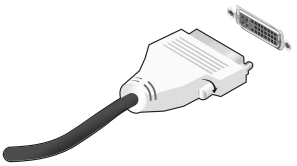
4 Network activity light	11 USB 3.0 connectors (2)
5 USB 2.0 connectors (2)	12 Do not use (VGA connector)
6 Do not use (Serial connector)	13 Line-in/microphone connector
7 Line-out/speakers connector	

Connect the Cables

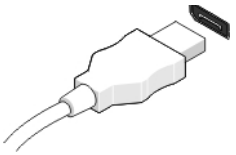
Warning: Before you begin any of the procedures in this section, read the safety information that shipped with your computer. For additional information, see www.axis.com

NOTE: Some devices may not be included if you did not order them.

1. Connect the monitor(s) to the graphics card, see Graphics Card Panel on page 5, using the following cables:

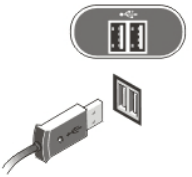


DVI-I Cable.

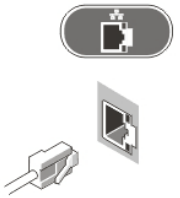


DisplayPort Cable.

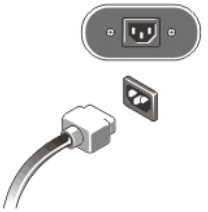
2. Connect the USB keyboard or mouse.



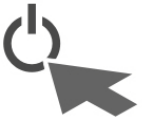
3. Connect the network cable.



4. Connect the power cable(s).



5. Press the power button on the monitor and the computer.



Set Up Software

When the computer has been powered on, the Windows operating system will be installed. Follow the instructions displayed on the screen and provide the required information. When the Windows installation is finalized, AXIS Camera Station Installer will start automatically. Follow the steps in the installation wizard and use the default settings.

Network Configuration

AXIS Camera Station can record and play back video from cameras and video encoders that are connected to a LAN (Local Area Network) or to a WAN (Wide Area Network). Depending on the installation, follow the instructions under *Network & Security Configuration* in AXIS Camera Station User Manual available at www.axis.com

Get Started

AXIS Camera Station Client and the wizard **"Get Started with AXIS Camera Station"** start automatically when the installation is complete. **"Get Started with AXIS Camera Station"** provides a quick way to add cameras and to configure and enable recording:

1. Select cameras and video encoders to add.
2. Select recording methods and where to store recordings.
3. Review settings and click **Finish** to add cameras and start recording.

For more information, see the built-in help and AXIS Camera Station User Manual available at www.axis.com

Specification
